## RESOLUTION 2025-21

### **A resolution of the Beaver Dam/Littlefield Fire District Board of Directors accepting the BLM Direct Transfer of a Type 6 Engine.**

*Whereas*, The Beaver Dam/Littlefield Fire District works in collaboration with the BLM for fire readiness. The BLM is a good neighbor to local communities and fire departments, along with the State of Arizona Department of Forestry, throughout the fire season.

*Whereas*, when BLM equipment meets federal policy guidelines to be refreshed the equipment may be directly transferred to Fire Districts. The streamlined process allows the BLM to transfer firefighting equipment to local cooperators in strategic areas that benefit BLM's wildland fire mission. Together the BLM and Local Cooperators provide assistance that increases the capability of local cooperators, and increases the safety and effectiveness of the collaborative wildland fire response.

*Whereas*, Beaver Dam/Littlefield Fire District is a Local Cooperator working with the BLM and is eligible to receive assistance through the direct transfer program. The BLM has a used Type 6 Engine Brush Truck that the Fire District would benefit from.

*Be it Resolved* by the Beaver Dam/Littlefield Fire District Board of Directors to accept the 2016 Ford F550 Diesel V8 Type 6 Fire Engine with Crew Cab through the BLM direct transfer program.

Approved and Adopted by the Beaver Dam/Littlefield Fire District Board of Directors on this 18th day of December, 2025.

  
Douglas Adriance, Board Chairman  
Beaver Dam/Littlefield Fire District
